

OUR PURPOSE : THE HOME OF THE VICTORIAN BAR – OPEN TO ALL

BCL has six key objectives:

- To understand the current and future needs of the Bar. We need to be responsive and provide accommodation, technology and other services at the lowest possible cost.
- To provide up to date technology solutions that are price competitive, cyber safe and reliable.
- To provide modern chambers and facilities at a reasonable cost that create a collegiate environment, and to secure and grow the value of our assets for the benefit of the Bar.
- To minimise the costs passed onto barristers while continuing to fund the investment in technology and property and ensuring BCL's continued financial viability.
- To develop a high-performance culture that attracts highly skilled people to ensure we deliver on our purpose with decisive, responsive, efficient and quality service.
- To identify and manage the risks to the Bar and BCL including financial, compliance, legislative, security, operational, market, technology, employee, contractor, workplace health and safety etc.
